POWDER-COATING

Playcraft offers one of the largest selections of material color in the industry, allowing your playground to meet any need when it comes to visual appearance.

Metal components receive a multi-stage powder-coating process with a highly durable protective finish unparalleled in the industry & the added texture effect of our Metaluxe powder-coat colors can add a soft & elegant look.

METALUXE

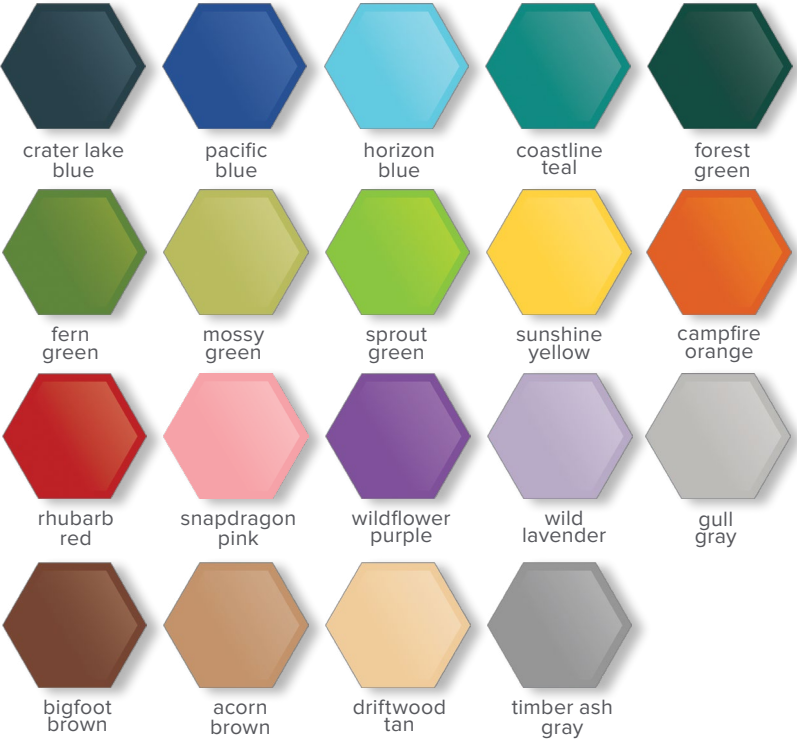

PLAY-TUFF COATING

Our in-house state-of-the-art Play-Tuff coating process offers unmatched protection on decks & steps.

ROTO-MOLDED PLASTIC

Using hot-blended color compounded resins, our roto-molded products stay bright & colorful even after years of play.

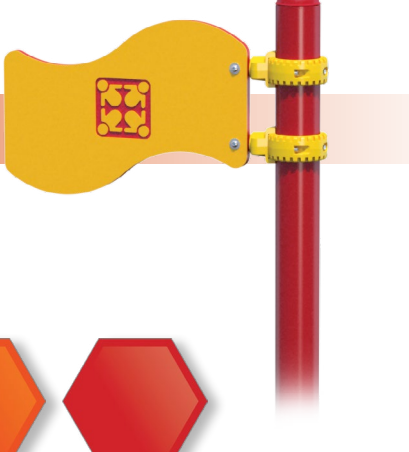

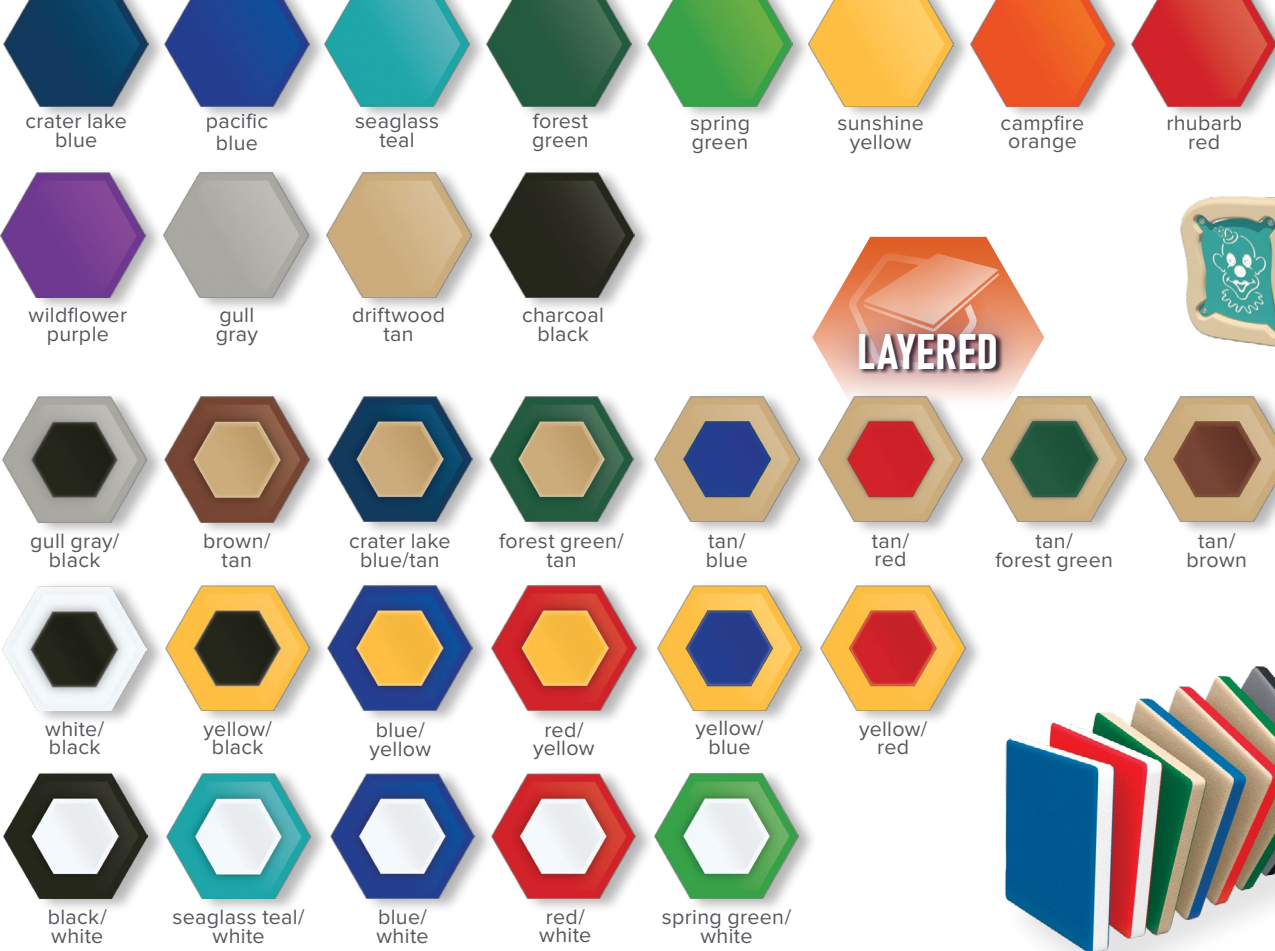

GRANITES

HDPE SOLID & LAYERED PLASTIC

Our high-density polyethylene sheet plastic is available in solid & layered colors for a variety of design possibilities.

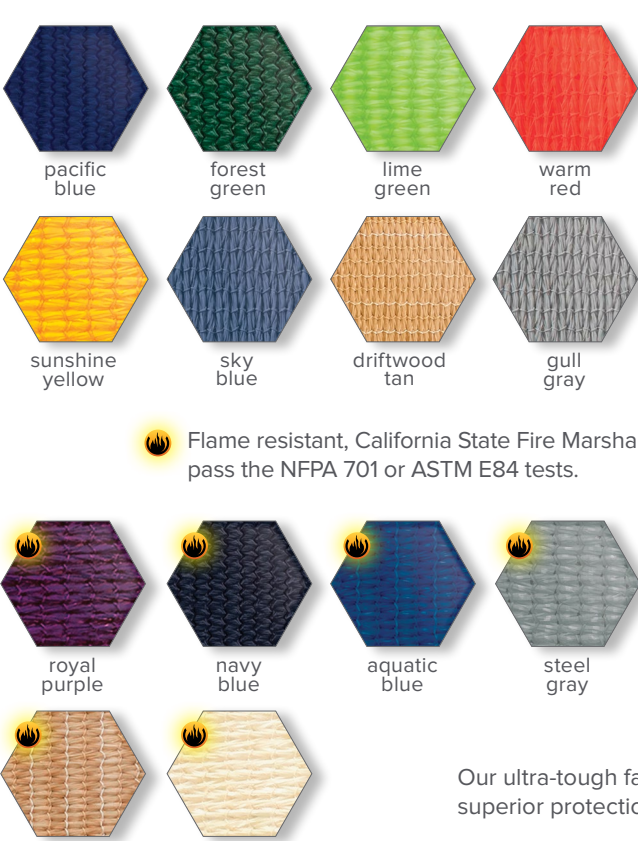

LAYERED

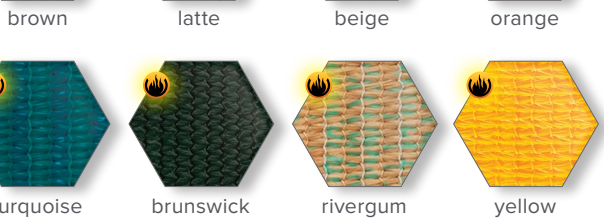

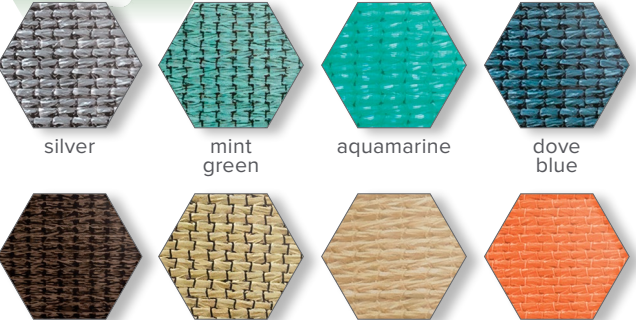

SHADE CANOPY FABRIC

Redefine your outdoor space with both comfort & colorful aesthetic appeal.

PREMIUM

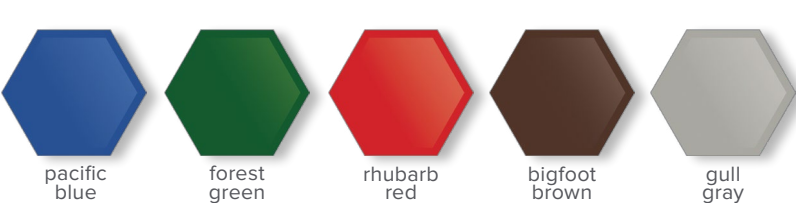

Our ultra-tough fabrics maintain color & water resistance in all weather conditions & provide superior protection from harmful ultra-violet rays.

Premium colors offer additional durability & superior water & UV resistance.

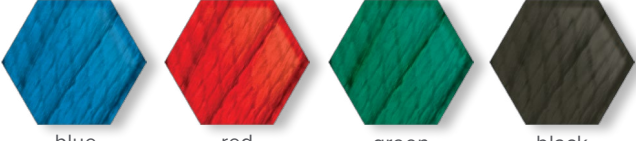

THERMO-PLASTIC COATING

Our Thermoplastic Polyethylene coating is an environmentally responsible choice with unmatched durability.

PLAY-CORD CABLE

Cables are made from six (6) individually polyester wrapped, tightly woven, abrasion-resistant, multi-strand galvanized steel cables with a 20mm nylon core that are both infused with UV protectants & flame-retardant.

SWING SEATS

Our swing seats are constructed from a durable elastomer that is high quality, long-lasting & slash-proof.
