### Parts List

QTY	DESCRIPTION	PART #
1	Female Tube Section	(varies)
1	Male Tube Section	(varies)
1	Panel Round (Ground)	R5-1601-G
1	Panel Round (On Deck)	R5-1601
24	3/8" x 1" Button Hd. Bolts	9103052-TR
12	3/8" x 1-1/4" Button Hd. Bolts	9103062-TR
48	3/8" x 1" O.D. Washers	9333002
12	3/8" Lock Nuts	9413002

### Specifications

#### CRAWL TUBE:

Shall be constructed of a UV-stabilized, rotationally molded, linear, low density polyethylene. All tube sections are single-wall construction with an average wall thickness of .250". Overlapping flanges help protect the user from coming in contact with the connecting hardware. Various configurations are available depending upon the components used.

#### PANELS:

See Assembly Page R5-1601.

#### HARDWARE:

Shall be zinc/nickel plated, galvanized or stainless steel as required to resist rust and corrosion.

### Maintenance

Periodically tighten all screws, bolts and nuts.  
A periodic inspection of all parts is necessary.  
If a part is broken or worn, replace immediately.

### Installation

#### Notes:

(A) See panel assembly page R5-1601 for installation of panels.

(B) Ground Panel must be installed on highest deck.

(C) Use liquid thread lock (such as Loctite) with all threaded hardware that does not include self-locking nuts.

#### Step 1.

Attach the Tube Sections to the panels using the hardware shown in Figure 1.

#### Step 2.

Attach each panel to their respective decks using the hardware shown on the panel assembly page R5-1601.

#### Step 3.

Connect the two Tube Sections together using the hardware shown in Figure 2.

#### Step 4.

Check to ensure that the panels have been installed square, level and plum to the deck faces.

#### Step 5.

Fully tighten all fasteners.
